

# Birdwatching bingo

Four different cards. No bird names needed. A window watch counts.

Mark an action only when you see it. The middle is free. Three in a line makes bingo.

Use the same bird for more than one action if you observe each action.

## CARD A

Name \_\_\_\_\_ Date \_\_\_\_\_

|                                                       |                                                          |                                                     |
|-------------------------------------------------------|----------------------------------------------------------|-----------------------------------------------------|
| <input type="radio"/> A bird lands on a branch        | <input type="radio"/> A bird turns its head              | <input type="radio"/> Two birds sit near each other |
| <input type="radio"/> A bird takes off from its perch | <b>LOOK CLOSELY</b><br>Free space                        | <input type="radio"/> A bird cleans its feathers    |
| <input type="radio"/> A bird hops along the ground    | <input type="radio"/> A bird holds something in its beak | <input type="radio"/> A bird pecks at a surface     |

One thing we noticed: \_\_\_\_\_

**A quiet watch is still a good watch. Leave unchecked boxes for another day.**

Keep your distance. Stay away from nests. Do not chase, feed or call birds for this game.

Children should watch with an adult. Follow the rules of your watching spot.
